

PCB Connect Holding AB
and subsidiaries

Quality policy

PCB Connects overall achievement is to deliver Printed circuit boards from the right producer at the right time and quality. This is achieved through a quality secured supply chain, combined with a close and long term focused collaboration between PCB Connect, customer and supplier.

Daily work to achieve;

- ◆ Full customer satisfaction
- ◆ First class products and solutions,
- ◆ Compliance with applicable requirements stated from authorities, other external parties, and internally.
- ◆ Compliance with customer requirements and exceed customer expectations.

All employees are expected to:

- ◆ Contribute to continuous improvements, which leads to improved efficiency and a more controlled development of our quality management system.
